IMPORTANT NOTE:
Tetem is located in the same building in which people live as well. We have promised our neighbours to keep the noise down after 22:00. This way we can host the BYOB into the late hours without disturbing the neighbours. We kindly ask you to help us with a few practical matters:

- After 22:00 drinks are not allowed outside. If you go outside please consider and respect our neighbours living upstairs by keeping the sound level down.
- After 00:00 we kindly ask everybody not to hang around outside. When breaking down please talk quietly when walking to your car or taking your bike.
- Parking in front of Tetem is not allowed. Though you can park the cars on the streetside at Stroinksbleekweg for free, it's right on the other side of the building.

Practical information:

- Participation is free
- Your work may consist of anything as long as a projection is involved: artworks, VJ sets, kinect installations, photo series, videos, games, battles, interactive installations, mapping, all of which can add to the mix of image and sound.
- Bring your own materials: beamers, media players, other technical equipment, cables, extension cords, basically everything you need for your participation, basically PLUG & PLAY.
- Tetem will provide picnic tables and benches, round cocktail tables and chairs which you can use to put your work/equipment on.
- The ceilings are more than 4,50 meters high and we won't be able to hang anything from the ceiling. We have seen in the previous editions that there are still plenty of possibilities, just keep in mind that you will be projecting from the ground. If you need extra tables or special things, you can bring it with you.
- Sound is allowed, but not too loud. The sound level should be reasonable because there are people living right above the art spaces.
- Any surface in Tetem's medialab, lounge and screening room may be used for your projections. However, any use of tape on the walls is prohibited. If you need to use nails or screws please let us know in the application form and we can tell you the possibilities.
- Tetem is not responsible for personal belongings and materials. There are no lockers, only an freely accessible wardrobe, so participants should keep their stuff at their own space.
- Your space will be assigned to you upon arrival during the build-up.

Tetem will take care of:

- Empty spaces on floors, walls, ceilings, etc. for the projections
- Free Wi-fi; login and username are: TETEMGast
- Free bar / drinks for participants and visitors
- Promotion

Please note that Tetem doesn't have regular tables, we do have the following which you can use:

- Picnic tables and benches
- Chairs
- Round cocktail tables (statafels)

Spread the word because this is the last BYOB in Tetem!

Feel free to invite friends to either visit or apply as participant, the more people, the more fun and the more tokens to vote with! You can use the event on our Facebook page and our website tetem.nl.
